1. "Use" of a particular facility is based upon an average two-hour occupancy, which is considered a minimum fee base. Extended uses such as all day or all evening functions will require an adjustment to basic fee charges.

2. Additional fees will be charged for weekend events when full-time staff attendance is required.

3. Inclement weather will not exempt groups from payment for extra field work if already performed.

4. Adjustments to fees for multiple use of the same facility during the same day requiring only one cleaning will be made.

5. Fees will not be collected from organizations that are not-for-profit and generally, serve Barker Central School District students.
