

# PAPER

## Level up your student's academic success with Paper™

### FREE academic support for your student is only a click away!

How do I solve this linear equation? How can I prepare for the SAT? What should I include on my résumé? Students have questions before, during, and after school hours, but you don't have to tackle them alone.

Paper's **24/7 tutoring and writing support** helps students achieve their academic goals. Our **expert tutors** can help them work through challenging concepts or offer revisions and suggestions on their writing compositions—**anytime, anywhere**.

#### Here are some ways Paper supports your high schooler at home:

- Provides support after sports, work, and other after-school activities.
- Assists with college application essays, résumés, and postsecondary planning.
- Offers AP and IB test practice along with PSAT, SAT, and ACT prep.

## Here's how it works

Your student needs academic help or pointers on their written compositions.

Your student logs in to Paper™ to start a Live Help session or submit their writing to the Review Center.

They'll get the help they need—all in a positive and encouraging environment.

You'll watch your student gain confidence and lifelong learning skills.

## Here's what you need

1

A device with internet connection (laptop, Chromebook, iPad, or phone).

2

A question, concept, or assignment your student needs help with.

3

A positive attitude!
